

### THE WORLD'S **PREMIER** MACADAMIA S U P P L I E R

## The world's premier macadamia supplier

The Marquis Group of companies is one of the world's largest macadamia grower, processor and marketer, providing superior quality macadamias to five continents across the globe.

Proudly 100% grower-owned, our macadamias epitomise excellence, originating from a single source – Australia, the very birthplace of these remarkable nuts.

With over 40 years in the industry and two dedicated state-of-the-art factories, we can supply small or bulk quantities, from single packs to pallets or container loads.

Our mission is to bring both the delicious taste and the health benefits of macadamias to the world.

# We are **100%** grower owned

We grow the nuts we sell, which assures consistent supply, pricing and quality to fulfill our customers' need all over the world.

Since 1983, we've been using our collective ingenuity to develop a world class approach to farm management, processing and marketing macadamias.

By supporting our growers every step of the way, we create a great sense of community and together, we are able to apply the highest attention to detail in everything we do, from farm to your warehouse.

> Marquis Macadamias' friendly staff are always willing to provide us with information and support. Through them, we have the confidence of working with a grower owned co-op that shares the same dedication to the local macadamia industry as we do.

Max Miller Yolmax Macadamia Farm

### Marquis Group Fast Facts

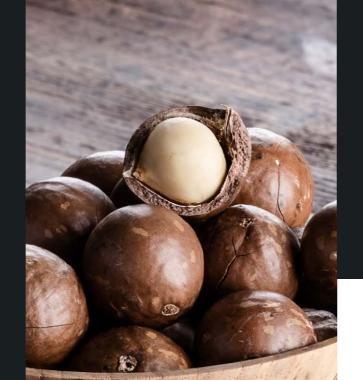

Whether you are a global retail business, a multinational food brand, a wholesaler or a boutique food manufacturer, we have a macadamia product to meet your usage and volume requirements.

Our premium quality, year-round reliability and personalised customer service is what set us apart from the competition. We value your time and deliver what we promise!

# YOUR ONE-STOP SHOP FOR MACADAMIAS

Our scale makes us the supplier of choice, no matter what your macadamia needs.

Across our range of kernel, nut-in-shell, macadamia paste and oil, we will work with you to get you what you need.

### Premium macadamia products

Our growers produce the highest quality macadamias around the world. Combined with our processing, packaging and distributions systems, this allows us to deliver the same premium quality guaranteed - every time!

We are a 100% grower owned organisation. This allows us to offer a range of macadamia kernel products from styles 0 to 7. Suitable for any application.

Our macadamia oil is 100% pure and cold pressed. In recent years, it has become increasingly sought after, largely due to its health properties as a cooking and cosmetic ingredient. It is available as unrefined, refined and blended, to meet your needs.

We offer a complete range of value added macadamia products from basic roasted, seasoned and coated products; to bespoke confectionery, bars and blends.

We are one of the world's largest growing and processing company for premium macadamias in large, bulk quantities; from pallet loads to containers. your own fine products, you can purchase our premium, nut-in-shell macadamias in bulk. Raw, sawn or flavoured.

Macadamia paste provides further ways to enjoy macadamias. The fine milled paste is available in raw and roasted varieties. It's popular in the creation of pure or blended nut butters, nondairy macadamia milk and pure paste ingredients for ice creams and cookies.

# Your own product

Our NPD team will support you in creating the ideal product for your brief and your brand. We will guide you through the process from concept, formulation, packaging and, finally, production.

### Product Development/Value Add

we know our customers' unique wants and needs. We are never going to ask you the same question again.

International shipping regulations

Country specific food safety certification and compliance requirements

Taxes, duties, and carton requirements in each jurisdiction

International labeling requirements

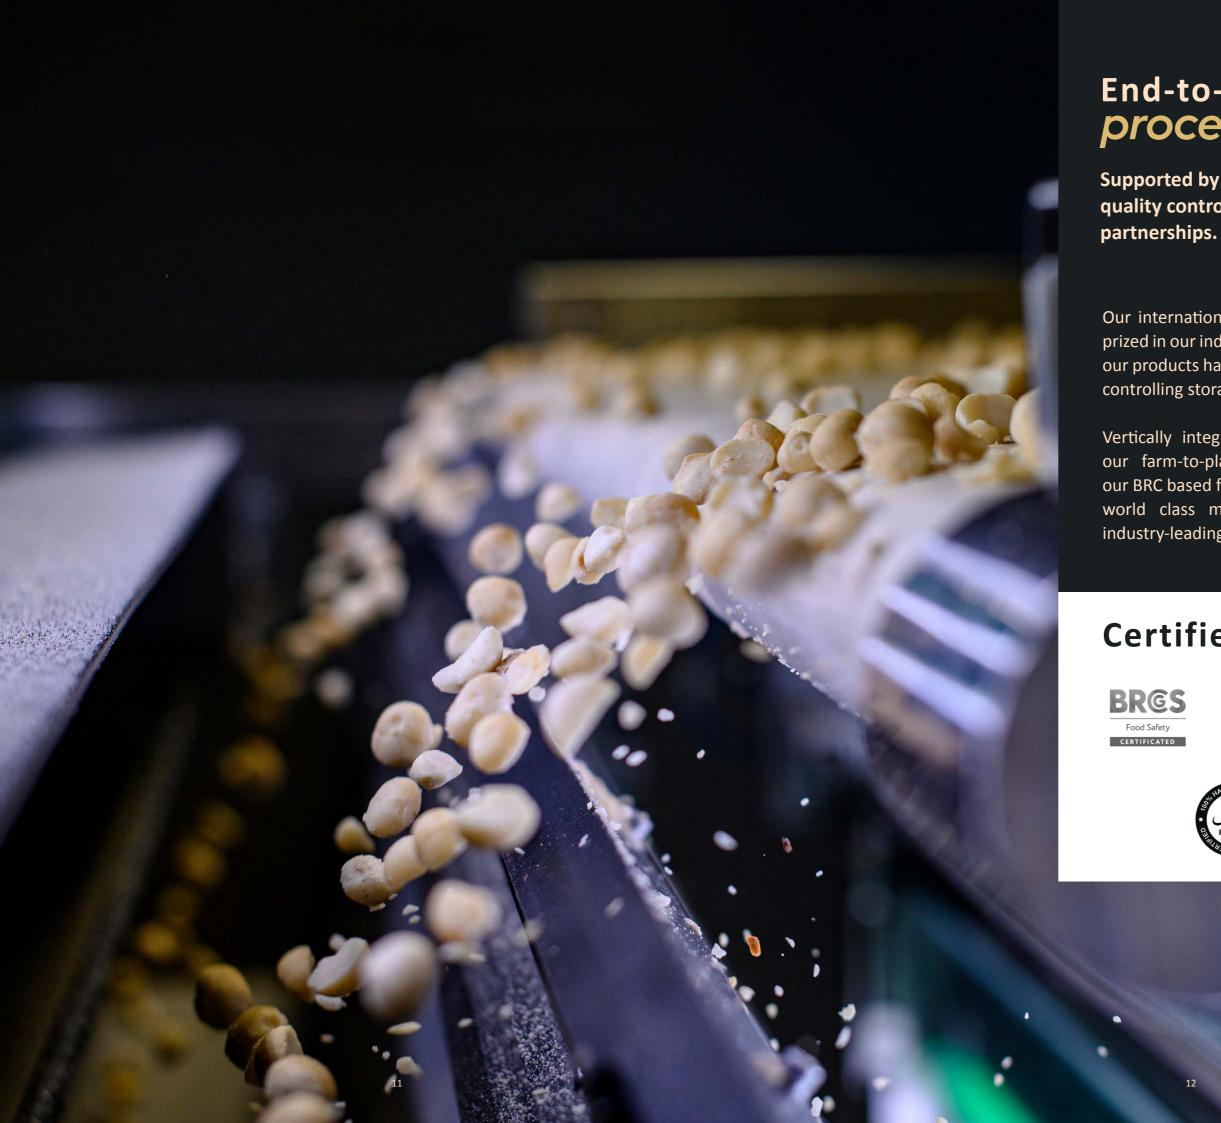

# **IS YOUR CURRENT SUPPLIER DRIVING YOU** NUTS?

No worries! We take the stress out of shipping for you!

We supply to retail buyers, food manufacturers and wholesalers, spanning across five continents. With a unique problem solving ability, our **Operations & Customer Service Team is highly** experienced in creating freight solutions that will make your life easier.

# End-to-end processing

Supported by our cutting-edge technology, quality control systems and innovative

Our international reputation for quality is highly prized in our industry. We take great care to ensure our products have the longest possible shelf life by controlling storage and processing conditions.

Vertically integrated from grower to customer, our farm-to-plate traceability is underpinned by our BRC based food safety systems, our innovative world class manufacturing facilities, and our industry-leading processes.

GMO/

### Unrivalled pasteurisation standards

### 100% of our Kernel is 5-log pasteurised.

And we can also offer you pasteurised sawn and flavoured NIS. That means peace of mind when it comes to food safety. For you, for your customer, for the industry.

With our unstoppable drive for innovation, we were the first macadamia processor in the world to have installed the Napasol pasteurisation process.

By achieving an unmatched 5-log reduction in salmonella, we protect

your customer, your brand and your reputation.

Corporate citizenship As a major employer in the rural areas we operate, we understand our role in supporting our communities. Some of our contributions include financial commitments to conservation efforts, sports clubs and other community groups. Marquis Macadamias is proud to support the Macadamia Conservation Trust to ensure that wild macadamia trees are protected for future generations. We recognise the importance of preserving the genetic pool of the trees our industry was born from.

# We care about our planet

We are committed to utilising sustainable practices from farm to plate. We respect the land and the environment, as we want it to not only meet the needs of the present generation, but also preserve it for the future ones.
